

AYAN KHAN

Full Stack Developer | MERN Stack | React.js | Node.js | Express.js | MongoDB

+91-7905487052 @ayan180000@gmail.com <https://www.linkedin.com/in/ayan-khan-b06057354>
<https://github.com/khantraders000> Lucknow, Uttar Pradesh, India

PROJECTS

1. Real-Time Chat & Calling Application

An open-source application for managing personal finances using React.js, Node.js, Express.js, **Socket.io**, **webRTC**. View project at [GitHub.com](#)

2. Ed-Tech Learning Platform – Course-Based Implementation

Developed a full-stack Ed-Tech platform using the MERN stack, featuring secure authentication, course management, video lectures, student enrollment, progress tracking, instructor dashboard, and integrated payment functionality.

3. Secure IoT Device Authentication

Developed a secure IoT authentication system using **face recognition**, **blockchain**, machine learning, **Arduino**, and Python to verify devices and prevent unauthorized access.

4. Todo App

Built a MERN-based Todo application with secure user authentication, task management, **Nodemailer** for email notifications, and **Cron Scheduler** for automated task reminders based on scheduled deadlines.

SUMMARY

B.Tech Computer Science and Engineering student specializing in Artificial Intelligence with hands-on experience in full-stack web development using the MERN stack. Skilled in building responsive web applications, REST APIs, authentication systems and real-time applications using React.js, Node.js, Express.js, MongoDB, WebRTC, Google Map API and Socket.io.

KEY ACHIEVEMENTS

Independent Project Development

Independently designed, developed, tested, and deployed multiple full-stack projects, managing the complete development lifecycle from planning to implementation.

EXPERIENCE

Full Stack Web Developer Trainee

GRAS tech

06/2026 - 08/2026 BBD Campus, lucknow (U.P)

- Completed a 90-hour project-based training program in full stack development.
- Gained hands-on exposure to full-stack web application development.
- Worked with database operations using MongoDB and Mongoose.
- Used Git/GitHub for source code management and project development.
- Worked on project-based development as part of the training program.

SKILLS

JavaScript

React.js

Express.js

HTML5

CSS3

RESTful APIs

Git

Tailwind css

Github

C (basic)

C++(basic)

Python(basic)

EDUCATION

Bachelor of Science in Computer Science (Iot & Blockchain)

Babu Banarsi Das University, Lucknow 08/2023 - 08/2027 Lucknow, India

LANGUAGES

Hindi

Native

English

Conversational
